Perfect blend of craftsmanship and innovation

MARTIN'S Jewellers in Wexford prides itself on combining 21st century cutting-edge technology with the age old skill and craftsmanship of the Goldsmith.

Established in 1947, the company is now in its third generation of a family business and located in Rowe St.

Run by twin brothers Brian and Kevin, Martins Jewellers prides itself on the uniqueness of design as well as the quality of its handmade pieces.

Martins Jewellers is the first jewellery business in Ireland to embrace the GEMVISION Computer Aided Design software in its design work.

Customers will enjoy browsing the wide range of handmade jewellery in new contemporary surroundings, where the new shop fittings further enhance the high quality of the fine pieces on display.

But not forgetting what Martins jewellers do best, they will also turn your own ideas into dream pieces of jewellery.

Private appointments are catered for in a discreet consultation room, at a time that will suit your work schedule. A personal consultation is highly recom-

mended for that special engagement ring as it will ease the pressure of a hurried decision and will allow you to have an input into your ring design.

A full range of certified, conflict-free diamonds are available at very competitive prices and any diamond caret, cut or clarity can be sourced direct from the company's diamond cutters in Antwerp.

If you have bought a diamond on your holidays Martin's will be able to set it in a band which complements the cut of the stone.

With increasing business coming from outside the Wexford area, the company's web site will give any customer a feel for their unique handmade jewellery. www.martinsjewellers.com.

Full brochures are available to download from their site.

Wedding Gallery

The new shop design incorporates a wedding gallery where a full range of wedding bands are available to view.

For the groom, there is a choice of over 300 designs in stock with many coming from leading wedding ring designers along side

■ The newly-refurbished interior of Martin's Jewellers, where the shop fittings further enhance the high quality of the fine pieces on display.

Martins Jewellers' own collection.

Diamonds are a girl's best friend and this is reflected in the wide range of diamond set wedding and eternity bands on show.

A wide range of pendants and earrings are available to view alongside raw precious stones for you to choose and have mounted in a design of your choosing.

Other works undertaken recently by Martins

include the Mayoral chain of office and the bishop's crozier. They also produce a hand engraved family coin ideal for christenings or graduations.

Their opening hours are Wednesday to Saturday from 9 a.m. to 5 p.m. and Mondays by

appointment.

Brian and Kevin would like to thank all their loyal customers. A special thanks also to their advertising supporters and Wexford Enterprise Board for their support.

'Wedding of the Year' rings chosen from Martins Jewellers

Congratulations to Claire and Liam, the winners of RTE's Afternoon Show 'Wedding of the Year'.

Martin's Jewellers were chosen to design and make the wedding rings for Clare and Liam, winners of RTE's Afternoon show wedding competition.

The rings were demonstrated using the latest 3D CAD software (Matrix by Gemvision)

This is the first time this technology has been available in Ireland and allows 3D images of any proposed piece of jewellery.

Matrix 3D is used by such companies as Tiffany's (NewYork).

It has even featured on CSI Miami!

To bring their unique designs to a national market Martins Jewellers will be exhibiting at the RDS Wedding Show in Dublin on the 29th and 30th of September.
